

Bones West has been invited to perform at the 2010 NAMM Convention in January. The information for the performance is listed below.

Please e-mail me as to your availability within the next week as the BW roster must be submitted for badges by Dec 10, and it becomes difficult to add names after this date. There are no badges offered except for players this year.

Because of space limitation on the stage, only players regularly attending rehearsals will be considered for this performance.

You can also e-mail me with any questions <len.wicks@yahoo.com>
